

Our Procurement

Transparent Procurement | Recycling & Trading | Compliance-Driven Handling

What We Buy

TRANSPARENT PROCUREMENT | RECYCLING AND TRADING | COMPLIANCE-DRIVEN HANDLING

At Power Pack Industries, procurement goes beyond purchasing scrap. We follow a structured, ethical and fully compliant sourcing process focused on transparency, responsible handling and long-term partnerships.

Power Pack Industries has developed a robust procurement ecosystem backed by 35+ years of industry experience and strong sourcing relationships across diverse industries nationwide. We procure a wide range of non-ferrous scrap for recycling and trading, including lead-acid battery scrap, copper scrap, aluminium scrap, brass scrap, lead scrap and white metal scrap.

Our Sourcing Commitment

- Compliant sourcing
- Reliable pickup and logistics support
- Fair evaluation and competitive pricing
- Long-term partnerships with industries and dealers
